It is important that your grant is used effectively and based on school need. The <u>Education Inspection Framework</u> makes clear there will be a focus on 'whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school'.

Under the <u>Quality of Education</u> Ofsted inspectors consider:

Intent - Curriculum design, coverage and appropriateness

Implementation - Curriculum delivery, Teaching (pedagogy) and Assessment

Impact - Attainment and progress

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects; the school's budget should fund these.

Pleasevisit<u>gov.uk</u>fortherevisedDfEguidanceincludingthe5keyindicatorsacrosswhichschoolsshoulddemonstrate animprovement. This document will help you to review your provision and to report your spend. DfEen courages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and sport premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to <u>publish details</u> of how they spend this funding, including any under-spend from 2019/2020, as well as on the impact it has on pupils' PE and sport participation and attainment. **All funding must be spent by 31st July 2022.**

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2021. To see an example of how to complete the table please click <u>HERE</u>.

This has been done through differentiated planning by the class children are using the new teachers, appropriate resources for engagement, opportunities to attend after school clubs and PE trips and sporting competitions.

Our school recognises the importance of having appropriately vulnerable children have access maintained equipment to ensure that children learn efficiently and are motivated to learn and practise children. skills.

HM has audited the PE equipment with Helen.

This has enabled us to continue to deliver high standard of PE lessons. The children have been able to have their own piece of equipment without needing to share or wait for a turn which has supported them to move on faster with their learning. This has also made the teaching of PE smoother for teachers as they feel more organised and have more time to teach skills.

The availability of new equipment removes any barriers to learning, facilitates the lesson and acts as a motivational tool for all pupils.

The school recognises that a good standard of equipment will help develop the children's skills and increase them to be motivated to learn.

Skipathon 14th November 2022 - We ordered each class a full set of skipping ropes to ensure that everyone could take part in this challenge. This was to support the physical development of our pupils and to engage them in physical activity. It also enabled us to ensure the 30 active minutes per day. This challenge allowed us to develop the children competiveness skills. Teachers also joined in which helped us to developed positive role model skills and also to encourage the children who were less engaged.

Children are accessing different PE providers for dance, gymnastics, athletics and team games/building leadership skills. They are encouraging to use these skills during playtimes and break times.
