

F1 Home Learning Updates

Hello everyone, this week we will be looking at a 'Book of the week', 'Shape of week' and 'Number of the week' which links to the usual format of learning in nursery. Below you will find activities to support this.

Literacy and Phonics

- Book of the week- Fee! Fi! Fo! Fum!
 - Feel! Fi! Fo! Fum! PowerPoint.
 - Create your own stick puppets of characters from the story. You can then use these to act out the story using the repeated phrases and story language.
 - Create a storyboard or mini book of the story. Think about the main parts of the story and draw a picture to show what happens. In the space underneath have a go at writing one or more words to describe what is happening.
- Phonics- Segmenting: Continued from last week as this skill takes a lot of practise.
 - Say the sounds: When the children are used to hearing the toy say words in sound-talk and blending the individual sounds to make words, you may be able to ask them to see whether they can speak in sound-talk. Choose some objects with three-phoneme names that you are sure the child knows (cat, hat, pen etc.) and hide them in a box or bag. Allow them to see an object, and then ask them to try to say the separate sounds in the name of the object, just like the toy does (e.g. d-u-ck). You or another adult/child can then guess what the object is and blend to make the word. The child can then reveal the object to show whether you/others are right.
- Access Mini Mash through their Purple Mash login and explore some of the literacy and phonics games it has to offer.

Have fun working through your Nursery learning pack and make sure to email some photos of your lovely learning at homelearning@halfway-inf.sheffield.sch.uk we can't wait to see them!

Adele Timmons 😊

Maths

Here are some maths activities for you to try at home!

- Number of the week- This week I want you to practise the number 15.
 - Can you count out 15 toys? Can you count 15 jumps/claps/hops?
 - Can you write the number 15?
 - Can you make the number 15 using Numicon (see resources)?
 - How many different ways can you make 15?
 - Complete the 'All about number 15' activity page (see resources).
 - Order numbers from 0 to 15.
 - Complete the Number 15 home learning challenges.
- Shape of the week- Investigating shapes
 - Complete 'All about shapes' booklet. You will need to:
 - Recognising shapes
 - Sorting shapes
 - Playing with shapes
 - Colouring shapes
 - Colouring, trace and connect the shapes
 - Spy and add shapes
 - Build shape pizzas
 - Play spot the 2D shapes
 - Match the shapes.

Topic

- Creative-
Castle in the sky: Using junk modelling and materials from around your home can you create a castle for the giant? What materials will you use? How will you decorate it? You could also make a beanstalk for Jack and Wolfie to climb up. Why not use your puppets you made linked to the book and your castle to retell
Take a photo of your castle!
- Physical/Fine motor-
Have a look at some of the other tasks such as cutting skills and fine motor pen control challenges included in the creative resource pack.
